

**In the Specification:**

Applicant has amended the specification as follows:

Please replace the paragraph beginning at page 7, line 29, which starts with “Referring also to Fig. 5,” with the following amended paragraph:

Referring ~~also to Fig. 5~~ Fig. 4, the download server database 420 connects to the information device 260 to provide server database information to the communication device 110. Server database information includes, for example, a URL and/or Internet Protocol (IP) address that can connect the communication device 110 to a third party download server 510.
